

# National Average End Ks2 Attainment Data: 2023/24

<https://explore-education-statistics.service.gov.uk/find-statistics/key-stage-2-attainment-national-headlines>

These statistics cover the attainment of year 6 pupils who took assessments in summer 2024. These pupils experienced disruption to their learning during the pandemic, particularly at the end of year 2 and in year 3.

**In individual subjects, attainment increased in reading, writing and science compared to 2023. Attainment remained the same in maths and grammar, punctuation and spelling.**

In **reading**, 74% of pupils met the expected standard, up from 73% in 2023.

In **maths**, 73% of pupils met the expected standard, unchanged since 2023.

In **writing**, 72% of pupils met the expected standard, up from 71% in 2023.

In **grammar, punctuation and spelling**, 72% of pupils met the expected standard, unchanged since 2023.

**Attainment in all of reading, writing and maths (combined) increased compared to 2023.**

In all of **reading, writing and maths (combined)**, 61% of pupils met the expected standard, up from 60% in 2023.

Girls continue to outperform boys at the expected standard in all subjects except maths, where boys outperformed girls by 1 percentage point.

We use [scaled scores \(opens in a new tab\)](#) to report the results of tests so we can make accurate comparisons of performance over time. Scaled scores range from 80 to 120. The total number of marks a pupil achieves in each test subject (raw score) is converted into a scaled score to ensure accurate comparisons can be made over time, even if the difficulty of the test itself varies.

The average scaled scores in reading, maths, and grammar, punctuation and spelling tests have remained the same since 2022.

In **reading**, the average scaled score is 105, unchanged since 2022.

In **maths**, the average scaled score is 104, unchanged since 2022.

In **grammar, punctuation and spelling**, the average scaled score is 105, unchanged since 2022.
